West Bengal Real Estate Regulatory Authority

Respected Sir/Madam,

I, Mr Amit Das hope this email finds you well. I am writing to address a matter concerning my income tax return, which I did not submit for last 2 financial years [ FY 2021-22 and FY 2020-21]

I want to clarify that my reason for not submitting the return was due to a lack of awareness and the fact that my income did not exceed the income tax slab for that year. I was under the impression that since my income did not meet the taxable limit, there was no need to file a return.

However, I now understand that even individuals whose income falls below the taxable threshold should file a return under certain circumstances. I have submitted the IT return for last fiscal year, FY 2022-23.

I apologize for any oversight in this matter and am committed to complying with all necessary tax regulations.

Yours faithfully,

*Amit Das*
