Rita Gupta is one of the most experienced partner in this newly made firm. She has completed five projects from her proprietorship firm named "RAMAWATI CONSTRUCTIONS" that already mentioned in "Rita Gupta individual audited balance sheet".

As proof , We will mention all five completion certificate of the past projects issued by Panihati municipal and also mention "Development Power of Attorney" by the name Ramawati Construction.

On the other hand, Subrata shil has only 8 month running experience in this firm. Before this he has experience only in road constructions.
