TO WHOM IT MAY CONCERN

I am writing this letter to bring to your attention an issue related to the requirement of a No Objection Certificate (NOC) from the Airport Authority of India (AAI) for building sanctions in certain areas. Specifically, I am requesting that our building project named Rajwada Solus is exempted from the need for NOC from AAI. As our site does not include in their restricted area.

The proposed site for construction is in the T19 zone (as per CCZM Map) where the Permissible Building Height must be less than 33meter above Mean Sea Level, which is designated as a Yellow Zone by the concerned authorities. All these regulations are mentioned in GSR 751(E). Kindly find the attachment related to this regulations and zone map.

Therefore, we believe that our project does not require a NOC from AAI, and we would like to request that this requirement be waived for our building sanctions. We have submitted all the necessary documents related to the proposed construction, including a detailed plan of the building and its surroundings. We have also obtained all the relevant clearances from the local authorities.

We urge you to consider our request and grant us the necessary permission for building sanctions. We believe that our proposed construction will not have any adverse impact on the airport's operations, and we are committed to adhering to all safety regulations and guidelines.

Thank you for your attention to this matter. We look forward to your prompt response.
Sincerely,

Bikash Agarwal
