**B. INTERPRETATIONS:** For the benefit of the Allottee a list of important points pertinent to this Agreement are briefly stated hereunder for a clear interpretation :

<b><u>SL.NO</u></b>	<b><u>SUBJECT</u></b>	<b><u>CLAUSE</u></b>
<b><u>1</u></b>	<b><u>GST ON MAINTENANCE</u></b>	<i>All Unit Owners(Allottee) shall have to pay GST on Maintenance cost as applicable. Payment of GST on Vendors' Bill is mandatory and cannot be avoided under any circumstances as it is part of the expenses. Besides this , the Unit Owner also has to pay GST on the amount of Bill raised for Common Maintenance Charges every month as applicable but input credit of tax paid on Vendor's bills will be set off against GST liabilities on Maintenance Bills. .</i>
<b><u>2.</u></b>	<b><u>INDIRECT TAXES AND</u></b>	<i>The Allottee shall be liable to pay all levies,</i>

	<b><u>LEVIES</u></b>	<p><i>charges, cess, Indirect Taxes, assignments of any nature whatsoever(present or future) in respect of the Unit or otherwise shall be solely and exclusively borne and paid by the Allottee. All Direct Taxes in respect of Profit(if any) earned from the development and sale to the Allottee shall be borne by the Developer.</i></p>
<b><u>3.</u></b>	<b><u>POSSESSION AFTER COMPLETION</u></b>	<p><i>After obtaining Completion Certificate/partial completion certificate from the Competent Authority upon submission of the approval certificate from the technical specialists like the Architect, Structural or Foundation Engineers or others, if any, as per statute or otherwise signifying that the Unit/building is ready and habitable, the Developer shall issue Notice of Possession to the Allottee whereupon the Allottee has to take possession immediately and not later than 15 days as the 15<sup>th</sup> day will be considered as 'DEEMED POSSESSION' and immediately the Allottee becomes liable to pay Maintenance Charges. Besides If the Allottee does not take possession of the flat on or within 15 days from the date of Notice of possession guarding charges will be applicable.</i></p> <p><i>The work approval certificates issued by the technical specialists required for the issue of CC / partial cc shall be construed as a defect-free completion of the building and any claim by the Allottee or his consultant shall not be entertained or shall not be a valid ground for refusal of accepting Physical (then already in deemed possession) possession by the Allottee. Possession cannot be delayed on the pretext of minor defects or some common area work is still continuing. If there be any minor defect the Developer will rectify it . The Developer will rectify all constructional defects over the next five years so there is no logical ground available to the Allottee for delaying physical possession. If the Unit Owner himself wants to get the work</i></p>

		<p><i>done he can give prior information to the Developer and get the cost approved before getting the work done and claim reimbursement. At the time of handover, the customer will have to make the final payment and take handover of his flat . If he does not do so it will be deemed that he has taken physical possession also.</i></p> <p><i>If the Allottee has requested for some extra work /modification and Developer has agreed to complete such work , completion of this work will not be necessary for taking possession of the Flat and the Builder will do such work only after possession is taken by the Allottee. or even if promoter is doing such work at the request of the allottee, the allottee will be considered under physical possession.</i></p> <p><i>The same principle shall apply when the Common areas will be handed over to the Association of Apartment Owners who cannot delay the hand over on the ground that some Common areas of the Phase/Project are not complete or some rectifications are pending. Association may also get the work done by itself by giving prior information to the Developer and get the cost approved before getting the work done and claim reimbursement. Some facilities may be provided or installations made after the entire complex has received CC.</i></p> <p><i>if any problems are faced by Allottee after receiving hand over of possession he may please contact with Facility Manager (Mobile no..... &amp; Mail id ..... ). If problem is not solved the issue may be escalated to the project in charge (Mobile no..... &amp; Mail id ..... ) or project's director (Mobile No..... &amp; Mail id ..... )</i></p>
4	<b><u>NORMAL WEAR AND TEAR</u></b>	<p><i>It may be noted that there may be some normal wear and tear of the building through efflux of time due to factors like seasonal expansion and</i></p>

		<p><i>contraction and/or settlement of the structure; hair thin cracks , localized dampness as a percentage of human error within normal limits and is a natural occurrence since buildings are man made and not a machine made product. Even if an Unit is kept closed for protracted period there may be faults appearing for non-use. All structural factors are considered and taken into account before CC is granted. Hence, the appearance of minor faults at a time lag is natural. In spite of all that Developer will rectify all the defects for five years. These defects will not imply any fault on the part of the Developer. Repairing cost of False ceiling will be part of Maintenance expense.</i></p>
<u>5</u>	<b><u>ADDL CONSTRUCTION IN FLATS</u></b>	<p><i>No Additional Construction on the exterior of Buildings or- apartment is permissible. No internal changes allowed and Allottees cannot request Developer for even minor modification as per rules as the Allottee can get it done only after getting possession. No request for change will be entertained by the Developer as that would delay project completion since it requires re- sanction without which we will not get the completion certificate (CC).</i></p>
<u>6.</u>	<b><u>RETAINED AREA OF THE DEVELOPER</u></b>	<p><i>The Developer may at its option keep aside a demarcated area in any portion of the Project area for future own use or further development. This Area will be termed as the 'RETAINED AREA'. The Developer will have the liberty to put this area to specific use in future as he may deem fit and proper. If the Developers utilize the retained area for their own use and share the common facilities and amenities of the Complex they shall also partake in the share of the common expenses. Likewise if the Retained area is developed as an additional phase of the Complex in future, the Allottees of such additional phase shall also pay their share of the Common expenses. In both cases Maintenance</i></p>

		<i>will be charged on per Square feet of constructed area basis and not on land area basis.</i>
<b><u>7.</u></b>	<b><u>PHASE-WISE FACILITIES AND AMENITIES</u></b>	<p><i>In large projects the provision of various Facilities and Amenities will be phase-wise. In some cases provisioning of all Facilities may take several years. While some Facilities may be provided in the initial phase there may be others which will come as the construction of the Complex progresses to subsequent phases.</i></p> <p><i>Sometimes the Developer may later decide to provide some additional Facilities or add installations which were not earlier planned. In such cases the Allottees shall not object on the ground that the Common expenses may increase. There can also be a situation where due to adverse market condition the Developer is forced to abandon a subsequent phase . In such cases also the Allottees shall not have any right to object. It is however assured that even if any phase is abandoned the committed facilities shall be provided.</i></p> <p><i>The Allottee shall not have any manner of right , title or interest in respect of the specified facilities , save and except the right to use and enjoy and /receive certain common services of/from the said specified facilities , subject to the timely payment of the Maintenance Charges.</i></p> <p><i>COMMON AREA can be used for jogging, playing, visitor parking, drop off/temporary parking etc as may be decided by the Maintenance In charge /Developer/Association.</i></p>
<b><u>8.</u></b>	<b><u>ENQUIRIES REGARDING CONSTRUCTION STATUS</u></b>	<p><i>if Allottee wants to know the construction status of the project please visit Project website for the update. The details to access the same is given below :</i></p> <p><i>Click on the link <a href="http://www.srijanrealty.com/">www.srijanrealty.com/</a></i></p> <p><i>Login id: Your registered email id</i></p>

		<p>password:123/321 etc</p> <p><i>If Allottee needs any construction, site or possession related information he may kindly get in touch with customer care.</i></p> <p><i>The steps to view the construction status is as under:</i></p> <p><i>Projects&gt;Ongoing&gt;Residential&gt;Location&gt;Project Name&gt;Construction Progress</i></p> <p><i>Your Customer Care Executive is:</i></p> <p><i>Name:</i></p> <p><i>EMAIL:</i></p> <p><i>Contact No:</i></p>
<u>9.</u>	<b><u>CHANGE IN ALLOTMENT</u></b>	<p><i>If Allottee wants to change his allotted Flat and shift to another he has to first cancel the present allotment and Re-book a new flat which is available at a new price. Refund will be adjustable in the new booking and no amount ever will be paid physically to the Allottee.</i></p>
<u>10.</u>	<b><u>AMOUNT OF MAINTENANCE CHARGES IS AN ESTIMATE ONLY</u></b>	<p><i>The figure of Maintenance Expenses provided in the Agreement is only an estimate and this approximate figure is not a commitment. The said amount is subject to inflation increases as per market factors (currently estimated @7.5 to 10 % per annum). The Unit Owners will be liable to pay the actual Maintenance Charges that will be worked out by the Maintenance In Charge at the end of the year. Audited accounts will be furnished by us.</i></p> <p><i>It is very pertinent to note that the Developer shall always endeavour at the additional cost to allottees to adopt ways and means to minimize the cost of maintenance by ensuring that the entire lighting of the common areas is effected by solar power; auto irrigation of the landscaped area; adopting access control and implementing CC TV ; sensor based boundary wall with boom</i></p>

	<p><i>barriers; Main gate security; Auto-pump and automatic DG facility etc. and all these measures directly resulting in lowering of maintenance cost . All these charges will be provided from Sinking Fund if not provided by the Developer as part of the Facilities separately and specifically</i></p> <p><i>Further, the charges for enjoying club facilities and receipts from visitor's parking will be collected and thereafter credited to the Maintenance Account to further reduce the incidence of cost and make it self-sustainable. Facility Usage Charges will be decided in such a way that all the costs of services will be recovered from the users based on number of persons using the facilities. Further expenditure of a capital nature like Solar panel etc to be expended out of Sinking Fund will also bring about a reduction in the Maintenance Charges.</i></p> <p><i>If Unit Owners are not satisfied with the Maintenance Charges and/or the audited accounts they may hire the services of a reputed Auditor like big four and in that case the expense for taking their services will also form part of the Maintenance charges. The Auditor appointed by the Unit Owners can in consultation with the Project Auditors appointed by the Developer , jointly do a fair audit of the actual charges incurred and if they decide that some expenses can be reduced, we will abide by such advice. It may however be noted that under any circumstances actual expenses incurred cannot be reduced. In such case reduction in cost can only be effected by withdrawal of some services or agency.</i></p> <p><i>The Allottee shall be obliged to pay the Maintenance Charges in advance as per the said estimate. The Facility Manager shall provide reconciliation of the expenses towards CAM</i></p>
--	--

		<i>charges after end of the relevant financial year and the parties hereto covenant that any credit /debit thereto shall be settled by adjustment (i.e +/- ) in the last two bills at the end of the financial year..</i>
<b><u>11.</u></b>	<b><u>RUBBISH THROWN FROM HIGHER FLOORS</u></b>	<i>Rubbish thrown from higher floors will attract imposition of penalty since cleanliness of the entire Complex is of paramount importance. Some of the Units on the lower floors may have attached open terraces. Unit Owners in the higher floors must take more care (if lower floor unit has Terrace) not to throw any material from the higher floors which may litter the terraces below. Higher than normal Penalty will be imposed in case of willful misconduct so due care should be taken to prevent such mishappenings.</i>
<b><u>12.</u></b>	<b><u>UTILIZATION OF FLAT BY DEVELOPER BEFORE CC</u></b>	<i>During construction, the Developer shall be entitled to temporarily use a fully/partially constructed Flat but for which CC is yet to be obtained, for use as a store or for the purpose of labour stay or any other use and the Allottee shall not object to the same that he is getting an used flat.</i>
<b><u>13.</u></b>	<b><u>DAMAGE</u></b>	<p><i>In case of any complaint regarding cracks, damp flooring etc. at the time of taking possession, the Developer remains responsible to make good the same upto 5 years. It is however to be noted that claims for only constructional defects shall be honoured and not collateral or consequential damages or losses.</i></p> <p><i>Besides the above , in order to retain the fitness, appearance and aesthetics of the Building blocks it will be a mandatory responsibility cast on the Association/Developer to do structural repair and color painting of the exterior of the Building blocks at interval of every five years/or as may be required time to time by utilizing the accretions to the Sinking Fund which will be formed out of collections @ 20% more than the normal</i></p>

		<i>Maintenance Charges every month and invested in F.D.</i>
<b><u>14.</u></b>	<b><u>AVOID FRIVOLOUS COMPLAINTS</u></b>	<p><i>In case the Unit Owner of the Floor above is away and there is a leak which is temporarily affecting the Unit on the floor below the Allottee will be expected to bear with the same over a reasonable time till return of the Unit Owner of the Unit above. If the Owner above is not cooperating we may force open the door to rectify the defect and again repair the door at the cost of the Association. If the Owner of the lower flat is also not available we can follow the same procedure to prevent continuous leakage of water.</i></p> <p><i>If the Allottee of a Unit does any internal repair work in the toilet imperfectly which leads to leakage through the tiles affecting the floor below the damage to false ceiling or other damage if any done shall be compensated by the Allottee causing such damage.</i></p>
<b><u>15.</u></b>	<b><u>HANDLING OF FURNITURE AND OTHER OBJECTS</u></b>	<p><i>The Unit Owners shall use the passenger service Lift only for passenger travel and light and small goods only and not for carrying furniture or other objects which may cause damage to the lift. In special cases permission may be granted but only after receiving written assurance from the Unit Owner that he undertakes to repair the lift if any damage is caused.</i></p> <p><i>Secondly, while making furniture , fixture or affixing anything within the Unit if any damage is caused to the floor or the wall the Developer will not be responsible. That is why it is advised that the Allottee should check whether there is any dampness or cracks prior to embarking on these work. Oterwise Developer will not be liable to rectify any defect.</i></p>
<b><u>16.</u></b>	<b><u>SPACE OVER PODIUM</u></b>	<i>It is clearly to be understood that the space over a podium for all intents and purposes shall be part of open area as defined and communicated in</i>

		<i>any marketing communication and not to be treated as covered .</i>
<b><u>17.</u></b>	<b><u>PLACEMENT OF DG, TRANSFORMERS ETC</u></b>	<i>Placement of Transformers, DG, air-conditioners etc. shall be done as per the advise of the Architect and none of the Allottees individually or collectively shall have any right to object to the same or to have the installations relocated on the ground of inconveniences caused.</i>
<b><u>18.</u></b>	<b><u>MUNICIPAL WATER</u></b>	<i>It is very clearly stated that the Developer has neither any role nor any responsibility to arrange supply of Municipal Water if it is not being provided by the concerned Authorities.</i>
<b><u>19.</u></b>	<b><u>VERBAL UNAUTHORISED COMMUNICATION TO BE IGNORED</u></b>	<i>The Agreement entered into by and between the Developer and the customer is sacrosanct. Any other written or verbal communication inconsistent with the terms of the Agreement made by any person who is not an authorized representative of the Developer, is to be ignored completely.</i>
<b><u>20.</u></b>	<b><u>PAYMENT OF INTEREST MANDATORY</u></b>	<p><i>In the event of any breach on the part of either party, the defaulting party will have to pay interest wherever the same is provided in the Agreement without fail. For instance, if the Developer fails to give possession at the mentioned time, the Developer will also pay interest at the said rate. The Allottees are advised not to seek interest waiver as the Developer follows a strict policy and If there is any issue with regard to the calculation mistake please intimate the same and the Developer will look into the same and rectify.</i></p> <p><i>You cannot get interest waiver since we also have to pay interest to the bank for construction loan and we also have to pay you interest due to delay in possession so we will not be able to waive off interest if levied in your account due to late payment.</i></p> <p><i>The Allottee agrees to pay to the Developer interest on all amounts including the Total</i></p>

#### 4. Tiles Care and Maintenance Guidelines

- 4.1 It is important to take proper care and maintenance of the tiles installed within your residential / commercial premises. Tiles not only enhances the aesthetics of your space but also contributes to its functionality. Therefore, it is essential to enhance their longevity and quality.
- 4.2 To maintain the appearance and performance of your tiles, here are some important care guidelines:
- 4.3 . Regular Cleaning : Regular cleaning is crucial to prevent the accumulation of dirt, grime, and stains on the tiles' surface. Please use a soft broom or a vacuum cleaner

to remove loose dirt and debris. For a more thorough clean, mop the tiles with a mild detergent and warm water solution, ensuring that no abrasive materials are used to avoid scratching the tiles.

- 4.4 . Avoid Harsh Chemicals: Harsh chemicals, such as bleach, ammonia, or acidic cleaners, should be avoided as they can damage the tiles and their grout. Instead, please use pH-neutral cleaning solutions specifically designed for tiles. Always follow the manufacturer's instructions when using any cleaning product.
- 4.5 Grout Maintenance: The grout between tiles plays a vital role in keeping them in place and preventing moisture penetration. We kindly request you to regularly inspect the grout for cracks or signs of deterioration. If necessary, please inform the maintenance team promptly to repair or replace damaged grout to prevent further damage to the tiles and subfloor.
- 4.6 Protection from Impact: While tiles are generally durable, they can chip or crack under heavy impact. We urge everyone to take precautions to protect the tiles from sharp or heavy objects. Please use furniture pads under heavy items and rugs or mats in high-traffic areas to minimize the risk of damage.
- 4.7 Preventive Measures: To avoid scratches and wear, we recommend placing doormats at entrances to trap dirt and debris. Please use felt or rubber pads under furniture legs to prevent scratching when moving or shifting items. Additionally, please refrain from dragging heavy objects across the tiled surface.
- 4.8 By following these care guidelines, we can collectively ensure that our tiles remain beautiful and functional for years to come. We kindly request your cooperation in sharing this information with your colleagues or fellow residents to promote awareness and proper tile care practices within our residential/commercial community.
