Before starting any construction the site must conform with the plans sanctioned and all the conditions as proposed in the plan should be fulfilled.  
The validity of the written permission to execute the work is subject to the above conditions.

Non Commencement of Erection/ Re-Erection within Two Year will Require Fresh Application for Sanction.

No rain water pipe should be fixed or discharge on Road or Footpath. Drainage from the building should be at the Borough Executive Engineer's Office and the sanction obtained before proceeding with the drainage work.

A suitable pump has to be provided i.e. pumping unfiltered water for the distribution to the flushing systems and urinals in the building increase unfiltered water from street main is not available.

Plan for Water Supply arrangement including SEMILLI G. & O. H. reservoirs should be submitted at the Office of the Ex-Engineer Water Supply and the sanction obtained before proceeding with the work of Water Supply. Any deviation may lead to disconnection of the main.

The building materials that will be used beyond Road/Passage or Foot-path of G. Floor, whichever is earlier may be seized forthwith by the K.M.C. at the cost and risk of the owner.

All Building Materials to necessary & construction should conform to the standard specified in the National Building Code of India.

The sanction refers to the proposed portion shown in red and the Executive Engineer makes no admission as to the correctness of the plan.

Sanctioned subject to demolition of existing structure and reconstruction as per plan before construction is started.
