nexure I to NOC Sl. No. NO124891

Special Conditions issued to M/s. Bengal Ambuja Housing Development Ltd. at premises no. 405, Barakhola, Dag no. 135(P), 136(P), 137(P), 126/165(P), 127/169(P), 128/170(P), 129/171(P) & 124/167(P), Mouza-Barakhola, J.L No. 21, P.S: Purba Jadavpur, KMC Ward no. 109, Dist: 24 Pgs(s), Pin-700099,

pg 1 of 2

A. Emission:-

1. DG Sets - 1x320 KVA, 1x415 KVA, 1x1600 KVA, 4x2000 KVA.

Stack -

- i. 7.60 m for 320 KVA, 8.07m for 415 KVA, 12m for 1600 KVA, 13m each for 2000 KVA DG sets above the roof of DG room to be provided with acoustic enclosures and residential silencer.
- ii. Stacks to have sampling port, platform and ladder as per the Emission Regulation Part III of CPCB.
- iii. Emission standards, Fuel specification and Stack height should comply with the prescribed limits under the notification of Ministry of Environment & Forest, Govt. of India, G.S.R. 489(E) [09.07.2002] and subsequent amendments.

B. Effluent:-

Domestic – waste water shall be treated in adequately designed STP. Treated waste water shall be fully reused Discharge of treated sewage shall conform to E(P) Rules. Sewage Treatment Plants should be monitored on a regular basis and records should be maintained properly.

C. <u>Solid Waste</u>:- to be collected and disposed off regularly as per the Municipal Solid Wastes (Management and Handling) Rules, 2000. The project proponent shall install in-house compactor and compost plant for treatment and disposal of biodegradable fraction of MSW.

D. General:-

- 1. The Project Proponent shall have to obtain prior concurrence from the concerned municipality for ensuring supply of water, partial discharge of treated sewage and disposal of solid wastes.
- 2. D.G. Set noise level should not exceed the permissible limit. The Project Proponent should ensure that the ambient noise level is maintained within permissible limits during the construction phase.
- The proponent should strictly comply with the standards / guidelines for control of noise from stationery Diesel generator sets. These standards and guidelines are prescribed under the notifications of Ministry of Environment & Forest, Govt. of India, G.S.R. 371(E) [17.05.2002], G.S.R. 489(E) [09.07.2002] and subsequent amendments.
- 4. The proponent should obtain necessary clearance for DG Sets from the Directorate of Electricity before applying for Consent-to-Operate.
- 5. The following activities are restricted during the night time (10 pm to 6 am), if there is any significant human settlement in the vicinity:
 - a) Piling work.
 - b) Operation of Ready Mix Plant, if installed and Vibrator.
 - c) Loading and unloading of construction materials.
- 6. Adequate measures are to be taken to reduce vibration during piling work.
- 7. Water sprinkling arrangement should be ensured at every loading and unloading point to prevent spreading of dust. Rubbish, debris, broken materials and others must be kept properly within project area at suitable place with proper water sprinkling to prevent fugitive dust spreading.
- 8. Provision of drinking water, wastewater disposal and solid waste management should be ensured for labour camps. Proper sanitation facilities should be provided for construction workers to ensure environmental sanitation. Health and safety of the workers should be ensured during construction.
- 9. The project proponent should take necessary care not to cause any inconvenience to the residents of surrounding neighbourhood. Regular supervision should be in place all through the construction phase so as to avoid disturbance to the surroundings.
- 10. The Project Proponent will ensure that no accumulation of any kind of water occurs within the project area to prevent breeding of various disease spreading vectors.
- 11. Necessary dust barrier should be provided during construction phase. Before taking up the construction work it is preferable to enclose the area with some enclosure.
- 12. Appropriate arrangement is to be done for rainwater harvesting within the site. The proponent must practice rainwater harvesting on regular basis.

13. Ground water should not be abstracted without prior permission of the Local body as well as the Competent Authority as per the West Bengal Ground Water Resources (Management, Control and Regulation) Act, 2005.

14. Provision of screen wall should be made surrounding the batching plant, if installed for control of fugitive

15. Fly Ash is to be used for construction as per Notification No. S.O. 763(E) dated 14.09.1999 amended vide Notification No. S.O. 979(E) dated 27.8.2003 and S.O. 2804(E) dated 03.11.2009 of the Ministry of

Environment & Forests, Govt. of India.

16. The proponent should strictly abide by The West Bengal Trees (Protection and Conservation in Non-Forest Areas) Rules, 2007. No trees can be felled without prior permission from the Tree Cutting Authority constituted as per the West Bengal Trees (Protection and Conservation in Non-Forest Areas) Act, 2006 and subsequent rules. The proponent should plant atleast 1200 big trees and 716 nos. of medium & small trees as proposed.

17. Proper steps are to be taken so that the flora and fauna are not affected during the construction phase.

Adequate firefighting storage should be provided as per Rules.

19. Adequate parking space should be provided within the project site as per Rules.

20. Road design should be done with due consideration for environment and safety of users. The entry and exit points should be designed properly without disturbing the existing traffic.

21. Use of energy efficient construction materials should be ensured. Water efficient devices / fixtures should

be installed. Energy efficient systems should be installed.

22. Adequate provision shall be made for storage of solid waste and adequate means of access shall be provided. Vats / bins should be provided inside the project area from where the wastes are to be disposed off by arrangement with the local body.

23. The proponent shall undertake awareness programmes for the residents to promote water and energy

conservation and to ensure environmental protection.

No expansion of the project should be undertaken without prior permission of the State Board.

25. The unit should not start operation without obtaining 'Consent to Operate' from this Board.

26. The proponent should maintain a display board at the site, providing detailed information on the salient features of the proposed project.

27. Water body of area 23008.27 sq.m to be kept in natural conditions without disturbing the ecological habitat. Water body should not be lined and embankments should not be cemented.

28. The proponent should abide by the Direction issued by the Department of Environment, Government of West Bengal, vide No. EN/3170/T-IV-7/001/2009 dated 10.12.2009 (Annexure II).

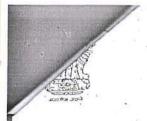

29. All the recommendations as proposed in the EIA/EMP reports to be complied with.

30. The proponent should strictly abide by the conditions stipulated in the Environmental Clearance accorded by the State Environment Impact Assessment Authority (SEIAA), West Bengal, vide No. 2809/EN/T-II-1/022/2012 dated 18.11.2014.

31. This NOC is valid up to 29.02.2020 for construction of proposed residential complex "UTALIKA" having 5 towers of G+25 storied, 1 tower of B+G+19 storied, HIG podium-G+3 storied and LIG podium G storied along with parking facilities for Car-1751 nos (covered-1700 nos. & open-51 nos.) The Total Built-up Area of proposed project shall be 3,00,925.649 sq m. having 1084 nos. of flats (HIG-539, LIG-422, MIG-123), 72 nos. of offices and 14 retail units.

Government of West Bengal
Writers' Buildings, "G" Block, (2nd. Floor),
Kolkata-700 001.

o. EN/3170/T-IV-7/001/2009

Dated: December 10th, 2009.

DIRECTION

WHEREAS, Department of Environment, Govt. of West Bengal is ntrusted to look after the execution of the different environmental laws within the emitorial jurisdiction of West Bengal and also responsible for maintaining pollution the environment and also responsible for restraining different environment hazardous ctivities which are causing serious impact on human beings, other living creatures, lant, micro-organism, property or the environment;

AND WHEREAS, Department of Environment has already taken ferent steps for controlling air pollution in the atmosphere generated from the fferent sources i.e. industrial source, vehicular source and burning of bio-mass;

AND WHEREAS, Department of Environment in exercising the power inferred under section 19 of the Air (Prevention & Control of Pollution) Act, 1981, is already declared entire West Bengal as 'Air Pollution Control Area';

AND WHEREAS, West Bengal Pollution Control Board conducted a ridy with the help of the Asian Development Bank and it is revealed that the ntribution of the construction activities is one of the source of air pollution in olkata and its surroundings;

AND WHEREAS, it is further revealed that burning of old tyres in hot x plant as a fuel during construction and repairs of road for melting coal tartributes significant obnoxious element into the air which cause a serious problem of human beings;

HENCE, in view of the above and in consultation with the West Bengal aution Control Board and in exercise of the power conferred under Air (Prevention Control of Pollution) Act, 1981 and Environment (Protection) Act, 1986, all the nicipalities, local authorities and all other concerned Govt. Departments within the of West Bengal, are now directed to take immediate steps to implement the owing norms which need to be strictly followed by the developers, contractors or other infrastructure developers;

- Preventive measures need to be taken:
 - a) Wrap construction area/buildings with geotextile fabric, installing dust barriers, or other actions, as appropriate for the location,

b) Apply water and maintain soils in a visible damp or crusted condition for temporary stabilization,

c) Apply water prior to levelling or any other earth moving activity to keep the soil moist throughout the process;

d) Limit vehicle speeds to 15 mph on the work site.

e) Clean wheels and undercarriage of haul trucks prior to leaving construction site.

f) Apply and maintain dust suppressant on haul routes.

g) Apply a cover or screen to stockpiles and stabilize stockpiles at completion of activity by water and maintain a dust palliative to all outer surfaces of the stockpiles;

h) Stabilize surface soils where loaders, support equipment and vehicles will operate by using water and maintain surface soils in a stabilized condition where loaders, support equipment and vehicles will operate;

i) Stabilize adjacent disturbed soils following paving activities with immediate landscaping activity or installation of

vegetative or rock cover.

j) Maintain dust control during working hours and clean track out from paved surfaces at the end of the work shift/day. Track out must now extend 50 feet or more and must be cleaned daily, at the minimum.

k) Stabilize sloping surfaces using soil binders until vegetation

or ground cover can effectively stabilize the slope,

1) Disposal of debris in consultation with the local authorities following proper environmental management practice.

m) During construction work, including cutting of marbles, ambient noise level should not exceed more than 65 dB(A).

- Practices to be discarded:
 - a) Don't dispose of debris indiscriminately,
 - b) Don't allow the vehicles to run at high speed within the work site.
 - c) Don't cut materials without proper dust control/noise control facility.
 - d) Don't keep materials without effective cover.
 - e) Don't allow access in the work area except workers to limit soil disturbance and prevent access by fencing, ditches, vegetation, berms or other suitable barrier.
 - f) Don't leave the soil, sand and cement stack uncovered.
 - g) Don't keep materials or debris on the roads or pavements.
 - h) Burning of old tyres in hot mix plant as a fuel during construction and repair of the roads for melting coal tar should be discarded;

NOW THEREFORE, it is made clear that any developers, contractors or infrastructure developers either Govt. or Private failed to comply with the aforementioned statutory norms, Department of Environment and West Bengal Pollution Control Board will take necessary action under Air (Prevention & Control of pollution) Act, 1981 and Environment (Protection) Act, 1986 which may lead to stoppage and prohibition of the work including closure and other legal action as warranted under the law including imposition of the 'Pollution Cost'.

It is further directed that all Municipal Corporations, Municipalities and Panchayats should also be at liberty to take necessary action against the violators under the Municipal Laws and Panchayat Law.

But it is made clear that Local Authorities i.e. Municipal Corporations, Municipalities and Panchayats are responsible to implement the aforementioned guidelines meticulously for the purpose of curbing air pollution and other environmental hazards of their respective jurisdiction.

Local Police Station, is also directed to renderall necessary help to the Local Authorities to implement the aforementioned direction in a belitting manner

This order will take officet from 01 (42 20 (6 through our the State of West Bengs!
