Stop Cock Size:20	Service Pipe Size:20	Water Tap Size:12.7	Ferrule Size(mm):15

•

The above demand amount excludes physical execution of the work through KMC licensed plumber involving material, power and tools and plant cost.

Owners of the premises shall have to maintain all water fittings to prevent stagnation due to leakage and drain water once a week from underground and overhead reservoirs and covered properly with well fitted lids for use and against contamination and mosquito breeding. Non-compliance may lead to cut off water connection u/s 275(a) KMC Act, 1980 and will be treated as offence u/s 496 of the CMC Act. Ball cock is to be installed at underground reservoir to save water. It is also encouraged to install automatic pump tripping arrangement to avoid overflow from overhead reservoir.
