

4TH FLOOR

A photograph of an empty, unfinished 4th floor hallway. The walls are white, and the floor is a light-colored, textured material. There are several doorways on the left side, some of which are dark, suggesting they are open to other rooms. A wooden ladder is visible in the leftmost doorway. On the right side, there is a white door with two small, dark rectangular handles. The ceiling is white and has a single, small, dark circular vent. The overall lighting is bright, likely from natural light coming through the doorways.

4TH FLOOR

A long, empty hallway on the 4th floor. The walls are white and show signs of construction, with some dark marks and a dark baseboard. The floor is a textured, greyish-brown concrete. At the end of the hallway, there is a bright window with a wooden ladder leaning against the wall. The ceiling is white with a few small, dark circular marks.
