PARTY'S COPY

Plan for Water Supply arrangements including details of the proposed system, to be submitted to the Office of the B-Engineer Water Supply and the sanction obtained before proceeding with the work of Water Supply any other arrangements to be submitted to the Office of the B-Engineer Water Supply.

Before starting any construction the following conditions should be satisfied and all necessary arrangements should be made to ensure the work is subject to the above conditions.

The sanction refers to the proposed portion shown in red and the Executive Engineers makes no admission as to the correctness of the plan.

Design of all Structural Members should conform to Standards specified in the National Building Code of India.

CONSTRUCTION SITE SHALL BE MAINTAINED IN SUCH A MANNER AS TO PREVENT THE SPREAD OF DISEASE AND TO PREVENT THE COLLECTION OF STAGNANT WATER. ALL WELLS, WATS, BASEMENT DURING OPEN WORKS, TO BE EXPOSED COMPLETELY AT LEAST ONCE A WEEK.

Sanctioned subject to the conditions of existing structure to provide open space as per plan before construction is started.

The building materials that will be used on Road/Passage construction of G Floor, whichever is earlier may be certified forthwith by the K.M.C at the contractor's expense.

No rain water pipe should be fixed or installed on road or footpath. Drains should be provided and the sanction obtained before proceeding with the drainage work.

A suitable pump has to be provided for pumping unfiltered water for the distribution to the flushing cisterns and urinals in the building. In case of water from street mains is not available.

Non-Commencement of Execution/Re-Erection within Five year will require fresh application for Sanction.

BUSINESS BUILDING

THE SANCTION IS VALID UP TO 31-03-2024.

DEVIATION/INCLD MEAN DEVIATION
Necessary steps should be taken to ensure that the proposed work does not cause any inconvenience to adjoining public and private properties during construction.
