Respected Sir,

With due respect we would like to inform you that for as long days dirty and abuse water of the flat has been entering into the play ground where the boys play football daily. Several times we informed to the authority to take proper action to stop entering water into the ground. As a result the ground has become ~~more~~ muddy with full of water. But unfortunately any steps has not done. Under this circumstance we on behalf of all the residents of the locality appeal to you that it is the high time that authority should take effective measures in the interest about this serious matter. We always hope your good advice to development of this beautiful play ground.

Yours faithfully
