To whom it may concern

05/10/2020

The undersigned has gone through structural design and drawings of proposed G+2 storied residential (apartment) building of Sri Kalo Baran Mondal and Sri Tarun Karak over R.S. plot no. - 1102, Mouza - Bhadur, J.L. no- 42, P.S. Andal, Dist- Paschim Bardhaman, with the soil report as input.

The submittals considered all primary and combination load cases as per IS codes and NBC of India including seismic forces. The design philosophy and methodology are in accordance with IS codal provisions. The vetted drawings are found to be in order and structure should be safe and stable against code stipulated earthquake forces if the soil bearing capacities of the isolated foundations (as mentioned in structural drawing) are ensured at site under supervision of competent geotechnical engineer and the structure is properly constructed with AAC blocks under supervision of a competent structural engineer.
