In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2018, and its profit/loss for the year ended on that date.

Other Matters

The comparative financial information of the Company for the year ended 31st March 2018 prepared in accordance with AS included in these financial statements have been audited by the predecessor auditor who had audited the financial statements for the relevant periods. The report of the predecessor auditor dated 21st August 2017, on the comparative financial information expressed an unmodified opinion.

Report on Other Legal and Regulatory Requirements

- I. As required by Section 143 (3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet and the Statement of Profit and Loss dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder.
 - e. On the basis of the written representations received from the Directors as on 31st March 2018 taken on record by the Board of Directors, none of the Directors is disqualified as on 31st March 2018 from being appointed as a director in terms of Section 164 (2) of the Act.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF Dharitri Infraventure Private Limited

Report on the Financial Statements

We have audited the accompanying financial statements of **Dharitri Infraventure Private Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2018, the Statement of Profit and Loss, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

Dharitri Infraventure Private Limited

CIN: U45400WB2014PT201136

Notes to the financial statements for the year ended 31 March 2018

1 Company overview

Dharitri Infraventure Private Limited was incorporated on 19th March 2014. The Company has been incorporated as a real estate development company and the main object of the company, inter alia, is to engage directly, in the business of construction, development, sale, lease, management, and operation of all or any part of Real Estate Projects.

2 Significant accounting policies

2.1 Basis of preparation of financial statements

The financial statements of the Company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply with the Accounting Standards notified in Companies (Accounting Standards) Rules, 2006 as amended and the relevant provisions of the Companies Act, 2013. The financial statements have been prepared on an accrual basis and under historical cost convention.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013.

2.2 Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements. Management believes that the estimates made in the preparation of the financial statements are prudent and reasonable. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

2.3 Current –non-current classification

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realised in the company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is expected to be realised within 12 months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

Dharitri Infraventure Private Limited

CIN: U45400WB2014PT201136

Notes to the financial statements for the year ended 31 March 2018

2 Significant accounting policies (Continued)

2.3 Current –non-current classification (continued)

All assets and liabilities are classified into current and non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in the company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within 12 months after the reporting date; or
- (d) the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

2.4 Operating cycle

Operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents.

2.5 Impairment of assets

Company assesses at each balance sheet date whether there is any indication that an asset, including project work in progress, may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is the greater of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value based on an appropriate discount factor. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.

2.6 Investments

Long-term investments are stated at cost. Provision is made to recognize a decline, other than temporary decline in value of long-term investments and is determined separately for each individual investment. Current investments are stated at lower of cost or fair value, computed separately in respect of each category of investment.

Dharitri Infraventure Private Limited

CIN: U45400WB2014PT201136

Notes to the financial statements for the year ended 31 March 2018

2 Significant accounting policies (Continued)

2.7 Borrowing costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. Borrowing costs incurred in relation to the acquisition /construction of projects properties are capitalized till the construction of the property is complete. All other borrowing costs incurred during the construction period which are not related to the construction activity nor are incidental thereto, are charged to the Statement of Profit & Loss.

2.8 Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Income from real estate sales is recognized on the transfer of all significant risks and rewards of ownership to the buyers and it is not unreasonable to expect ultimate collection and no significant uncertainty exists regarding the amount of consideration. However if, at the time of transfer substantial acts are yet to be performed under the contract, revenue is recognized on proportionate basis as the acts are performed, i.e., on the percentage of completion basis.

Interest income is recognised on time proportion basis.

Dividend income is recognised when the right to receive the dividend is unconditional.

2.9 Taxation

Income tax expense comprises current income tax (i.e. amount of tax for the period determined in accordance with the income tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed at each balance sheet date and written down or written up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realized.

Provision for current tax is based on the results for the year ended 31 March 2018, in accordance with the provisions of Income tax Act, 1961.

2.10 Earnings per share

The basic earnings per share is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the reporting period. Diluted EPS is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

Dharitri Infraventure Private Limited

CIN: U45400WB2014PT201136

Notes to the financial statements for the year ended 31 March 2018

2 Significant accounting policies (Continued)

2.11 Provisions and contingencies

- i) Provisions are recognized in respect of obligations where, based on the evidence available, their existence at the Balance Sheet date is considered probable.
- ii) Contingent liabilities are shown by way of Notes to the Accounts in respect of obligations where, based on the evidence available, their existence at the Balance Sheet date is considered not probable.

Notes to the financial statements for the year ended 31 March 2018

	Amount in (Rs.) 31 March 2018	Amount in (Rs.) 31 March 2017
3 Share capital		
Authorised capital		
5,04,000 (5,00,000) equity shares of Rs. 10 each	50,00,000	50,00,000
	50,00,000	50,00,000
Issued, subscribed and fully paid-up		
10,000 (1,00,000) equity shares of Rs. 10 each fully paid-up	1,00,000	1,00,000
	1,00,000	1,00,000

(A) Reconciliation of the number of shares outstanding at the beginning and at the end of the reporting year:

Equity shares	31 March 2018		31 March 2017	
	Number	Value (Rs)	Number	Value (Rs)
At the commencement and end of the year	10,000	100000	10,000	100000

(B) Terms / rights attached to shares

Rights, preferences and restrictions attached to equity shares

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company.

On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

(C) Particulars of shareholders holding more than 5% equity shares

Name of shareholder	31 March 2018		31 March 2017

30 Disclosure pursuant to Accounting standard – 15 'Employee Benefits'

Gratuity (Defined benefit plan):

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on death or resignation or retirement calculated as per the Payment of Gratuity Act with no ceiling.

The following table summarizes the components of net benefit expense recognized in the Statement of profit and loss and the funded status and amounts recognized in the Balance Sheet for gratuity benefit.

Estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Assumptions regarding future mortality are based on published statistics and mortality tables. The calculation of the defined benefit obligation is sensitive to the mortality assumption
