**To Whom It May Concern**

This is to certify that proposed **Basement + Ground + Fifteen Storied (B+G+15)** residential apartment project **"ASHIYANA SOCIETY"** are clear does height, as per Air Port Authority recommendation. So not need to issue for clearance certificate from Airport Authority and also be our project running far distance from airport, Maximum permissible **height 45 Mtr. + 3 Mtr. + 3 Mtr. (L.M.R. Height)**

So, I declare that abovementioned information are true and compare my approval map.

Thanking you,

With regards-

For **Unique Procon Pvt Ltd**
