31. Risk management policy

Your Directors recognize that there are uncertainties and risks attached to any business. The risks could be external, internal, or a combination of both. External risks can be intensification of competition, changes in Government policy with regard to taxes and levies or economic slowdown adversely impacting demand and profitability. Internal risks comprise operating risk, financial risks and business risks including major machinery breakdowns, labour unrest. The companies will take effective steps to deal with such risks.

A. INTERNAL RISKS

a. Price Risk - Significant increases in prices or shortages of building materials could harm our results of operations. A significant challenge that any real estate developer faces is dealing with adverse movements in the cost of building materials. The real estate sector is dependent on a number of components such as cement, steel, bricks, wood, sand, gravel, paints etc. As the revenues from sale of units are predetermined, adverse changes in the price of any raw material or unavailability of these raw materials at reasonable prices would affect the business and profitability of our Company.

b. Penalties - We are subject to a penalty clause under our sale agreements entered into with our customers for any delay in the completion and handover of the project. The sale agreements into which we enter with our customers contain a penalty clause pursuant to which we are liable to pay a penalty for any delay in the completion and handover of the project to the customers.

c. Social Obligations - We are obligated to fulfill certain social obligations in terms Memo No 1063-LR/3M-130/05/GE(M) dated 6th April 2006, Memorandum No LRC/140/2014 dated 25th August 2014, Memorandum No LRC/192/2014 dated 28th November 2014, Memorandum No 2713 - LRC/1748/12 dated 29th December 2015 and as subsequently modified by Corrigendum bearing Memo No. 150-LRC/1748/12 dated 20 January, 2016 noting the acceptance of the proposal by the Riverbank Developers Pvt Ltd and Memo No. 716-LRC/1748/12 dated 23 February, 2016 and lease deed dated 02 December, 2016. Non-fulfillment such social obligations may results in attracting penal provisions of such memos and memorandum and therefore may negatively impact the operations of the company.

B. EXTERNAL RISKS

- a. A deterioration of general economic conditions, including a slowdown in economic growth in India, could have an adverse effect on our business.
- b. Change in the Central and State Governments' policies might have an adverse impact on the Company.
- c. Financial instability in other countries, particularly countries with emerging markets, could disrupt Indian markets and our Company's business and cause volatility in our share prices.
- d. If regional hostilities, terrorist attacks or social unrest in India increase, our Company's business could be adversely affected.
- e. Natural calamities could have a negative impact on the Indian economy and cause our Company's business to suffer.
- f. Investors may not be able to enforce a judgment of a foreign court against our Company.
- g. Any downgrading of India's sovereign debt rating by an international rating agency could have a negative impact on our Company's business.

32. Directors' Responsibility Statement

The Directors' Responsibility Statement referred to in clause (c) of sub-section (3) of Section 134 of the Companies Act, 2013, shall state that—

(a) In the preparation of the annual accounts for the year ended March 31, 2017, the applicable accounting standards had been followed along with proper explanation relating to material departures;

(b) The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company as at March 31, 2017 and of the profit and loss of the company for the year ended;

(c) The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities;

(d) The Directors have prepared the annual accounts on a going concern basis; and

(e) The Directors have laid down internal financial controls to be followed by the company and that such internal financial controls are adequate and are operating effectively.

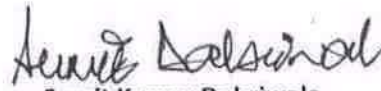

(f) The Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

INDEPENDENT AUDITOR'S REPORT

To the Members of Riverbank Developer Private Limited

Report on the Financial Statements

We have audited the accompanying standalone financial statements of Riverbank Developers Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

Riverbank Developers Pvt. Ltd.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2017, its profit, and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 1 a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF RIVERBANK DEVELOPERS PRIVATE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the Members of Riverbank Developers Private Limited

We have audited the internal financial controls over financial reporting of Riverbank Developers Private Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Riverbank Developers Pvt. Ltd.

Authorized Signatory.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1. BACKGROUND

Riverbank Developers Private Limited (the "Company") was incorporated on October 25th, 2007 to undertake one time project of developing an Integrated Township in Betanagar, Kolkata. The township is being developed on land measuring 262 acres approximately (224.90 acres after relinquishment of right) (the projects) in a phased manner.

2. Basis of Preparation

The financial statements of the Company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act, 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014. The financial statements have been prepared on an accrual basis and under the historical cost convention.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

2.1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**a. Use of Estimates**

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these estimations and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

b. Tangible Fixed Assets

Fixed Assets are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises the paid up price inclusive of duties (net of credit / VAT), taxes, incidental expenses, erection / commissioning expenses etc. and other directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Borrowing cost relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on an existing fixed asset, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from de-recognition of fixed assets are measured as the difference between the net financial proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

c. Depreciation on Tangible Fixed Assets

i. Depreciation on tangible fixed assets is provided under Straight Line Method (except for Furniture and Fixtures, Office Equipment and vehicle where Written Down Method is followed) at rates based on the estimated useful lives of assets prescribed by Schedule II of the Companies Act, 2013 except for the following assets where the useful life estimated by the management is lower than the life prescribed under Schedule II.

As per the above policy, depreciation on the following Assets have been provided at rates which are different from the corresponding rates prescribed in Schedule II based on the estimated life of the project.

	Useful life estimated by the management	Useful life as per Schedule II
Buildings (Other than Factory)	25	62
Factory Buildings	4	30
Building at New batching Plant	7	30
Electrical Installations at New batching Plant	7	10
Plant and Machinery	4	15
Walkway	25	15
Aluminium Structuring	5	25
Labour Huttment	25	9
Furniture at Marketing Office	5	10
Furniture at Sales Office	9	10

ii. Depreciation in respect of fixed assets added / disposed off during the year is provided on pro-rata basis, with reference to the date of addition/disposal.

iii. The management, supported by independent assessment by professionals, has changed the useful life of the aluminium structuring from 25 years to 5 years. Consequent to the change in estimated useful life of Aluminium structuring, the charge on account of depreciation was lower by Rs 74,927,348.

d Intangible Assets

Intangible assets acquired separately, are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred.

Intangible assets are amortized on a straight line basis over the estimated useful economic life of the asset. The Company uses a rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use. If the persuasive evidence points to the effect that useful life of an intangible asset exceeds ten years, the Company amortizes the intangible asset over the best estimate of its useful life. Such intangible assets and intangible assets not yet available for use are tested for impairment annually, either individually or at the cash-generating unit level. All other intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired.

The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortisation method is changed to reflect the changed pattern. Such changes are accounted for in accordance with AS 20 Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Intangible assets are amortised on straight line basis over its estimated useful life of 5 years.

e Leases

Operating Lease

Where the Company is lessee

Leases, where the lessee effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

Where the Company is the lessor

Leases in which the Company does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income on an operating lease is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of profit and loss.

f Borrowing Costs

Borrowing cost includes interest, amortisation of ancillary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition / construction of qualifying asset is capitalised until the time at substantial activities necessary to prepare the qualifying asset for its intended use is completed. A qualifying asset is one which necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are expensed in the period they occur.

g Impairment of Tangible and Intangible Assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The Company bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Company's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses, including impairment on reversals, are recognized in the statement of profit and loss, except for previously revalued tangible fixed assets, where the revaluation was taken to revaluation reserve. In this case, the impairment is also recognized in the revaluation reserve up to the amount of any previous revaluation.

Riverbank Developers Pvt. Ltd.

Authorized Signatory.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Company estimates the asset's or cash-generating unit's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of profit and loss.

h. Investments

Investments that are readily realizable and intended to be held for not more than a year from the date such investments are made are classified as current investments.

All other investments are classified as long-term investments. On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried at lower of cost and fair value determined on individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is recognized on decline, other than temporary, in value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

i. Construction work In Progress

Construction work in progress is valued at lower of cost and net realizable value. In determining cost, First in First out (FIFO) method is used. Cost comprises of direct and indirect cost of construction incurred for bringing such construction work in progress to its present condition and includes cost of acquisition of development rights and other common infrastructure development costs which will be realised on completion of various phases over the duration of the Project.

j. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Development of Real Estate

Revenue from development of real estate is recognized under the percentage completion method in accordance with relevant Guidance Note on Recognition of Revenue by real estate developers issued by the Institute of Chartered Accountants of India (ICAI) applicable for the projects, where there is transfer of risk and reward. A principle therein has been transferred to the buyer and the buyer has a legal right to sell or transfer his interest in the property. Such revenue is recognized subject to the actual costs incurred on the project under execution being 25% or more of the total estimated cost of the project.

The estimates of the projected revenue, profits, costs, cost to completion and the foreseeable profit/loss are reviewed periodically by the management and revenue is recognized based on revised estimates. However, when project cost is estimated to exceed the total revenues from the project, resultant loss is recognized immediately.

Dividend Income

Dividend incomes from investments are recognized when the Company's right to receive the payment of the same is established by the Balance Sheet date.

Interest Income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable. However, interest receivable from customers on delayed payment of instalments is accounted for only when no significant uncertainty exists regarding their collectability.

Cancellation Charges

Income from cancellation charge is recognized when the Company's right to receive such charges is established which coincides with the cancellation of booking of apartments.

k. Foreign Currency Transactions

(i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Conversion

Foreign currency monetary items are reported using closing foreign exchange rates. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction, and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

Riverbank Developers Pvt. Ltd.

Authorized Signatory.

(iii) Exchange Differences

Exchange differences arising on the settlement / conversion of monetary items are recognized as income or expenses in the year in which they arise.

l. Income Taxes

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax assets to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax assets can be realized. Any such write-downs is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the *Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income Tax Act, 1961*, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

m. Segment Reporting

Identification of segments

The Company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major customers of the Company are located.

Allocation of common costs

Common allocable costs are allocated to each segment on a case to case basis applying the ratio appropriate to each relevant case. Revenue and expenses which relate to the enterprise as a whole and are not allocable to segment on a reasonable basis, are reported under the head "Unallocated items".

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

n. Earnings per share

Basic and diluted earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effect of all dilutive potential equity shares.

o Provisions

A provision is recognized when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

p Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

q Cash and Cash equivalents

Cash and cash equivalents for the purpose of cash flow statement/ balance sheet comprise of cash and cheques on hand, cash at bank and short-term investments with an original maturity of three months or less.

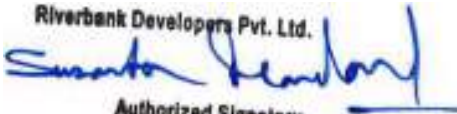

r Retirement and other employee benefits

(a) Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation other than the contribution payable to the Provident fund. Contribution payable to the provident fund is recognised as an expenditure in the statement of profit and loss and/or carried to Construction work-in-progress when an employee renders the related service.

(b) The Company's obligation towards gratuity, a defined benefit employee retirement scheme is recognized on the basis of period end actuarial valuation determined under the Projected Unit Credit Method. The trustees of the Scheme have entered with the Kotak Mahindra Old Mutual Life Insurance Limited (KMIL). Payments are made by the Company based on demand raised by KMIL.

(c) Short term compensated absences are provided for based on estimates. The Company treats accumulated leave expected to be carried forward beyond twelve months as long term employee benefit for measurement purposes. Such long term compensated absences are provided for based on the actuarial valuation using the unit credit method at the end of each financial year. The Company does not have an unconditional right to defer its settlement for the period beyond 12 months and accordingly entire leave liability is shown as current liability.

(d) Actuarial gains / losses are immediately taken to the statement of profit and loss and are not deferred.

Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group, as at March 31, 2017, their consolidated profit, and their consolidated cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

As required by section 143 (3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries, as noted in the 'other matter' paragraph we report, to the extent applicable, that:

- (a) We and the other auditors whose reports we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
- (b) In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;

ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF RIVERBANK DEVELOPERS PRIVATE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Riverbank Developers Private Limited as of and for the year ended March 31, 2017, we have audited the internal financial controls over financial reporting of Riverbank Developers Private Limited (hereinafter referred to as the "Holding Company") and its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding Company, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material

weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

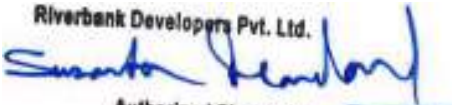

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have maintained, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Holding Company considering the essential

components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Holding Company, insofar as it relates to a subsidiary company, which is a company incorporated in India, is based on the corresponding reports of the auditor of such subsidiary, incorporated in India.

1 Principles of consolidated financial statements

The consolidated financial statements of Riverbank Developers Private Limited ("the Company") and its subsidiaries comprise (collectively referred as "the Group") have been prepared on the following basis :

- (a) The financial statements of the Company and its subsidiaries are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenditure, after fully eliminating intra group balances, intra group transactions and any unrealized profit/loss included therein in accordance with Accounting Standard (AS-21) "Consolidated Financial Statements".
- (b) The consolidated financial statements have been prepared using uniform accounting policies, except stated otherwise, for like transactions and are prepared, to the extent possible, in the same manner as the Company's standalone financial statements.
- (c) Differences, if any, between the cost of the Company's investments in the subsidiaries and its equity as on the date of investment is treated as Goodwill / Capital Reserve, as the case may be, in the consolidated financial statements.
- (d) The Subsidiaries Company considered in the financial statements is,

Name	Country of Incorporation	% of voting power / ownership as on	
		31-March-17	31-March-15
B&T Elevated Road Pvt Ltd	India	90%	90%
C&S Retail Developers Private Limited	India	100%	-

- (e) In terms of Accounting Standard - 21, Minority interest has been computed in respect of non-fully owned subsidiaries and adjusted against the consolidated income of the Group in order to arrive at the net income attributable to the shareholders of the Company.

2 Basis of Preparation

The financial statements of the Group have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The Group has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act, 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014. The financial statements have been prepared on an accrual basis and under the historical cost convention.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

2.1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

b Tangible Fixed Assets

Fixed Assets are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises the purchase price inclusive of duties (net of central / VAT), taxes, incidental expenses, erection / commissioning expenses etc. and other directly attributable cost of bringing the asset to its working condition for the intended use. Borrowing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on an existing fixed asset, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

c Depreciation on Tangible Fixed Assets

i. Depreciation on tangible fixed assets is provided under Straight Line Method (except for Furniture and Fixtures, Office Equipment and Vehicle where Written Down method is followed) at rates based on the estimated useful lives of assets prescribed by Schedule II of the Companies Act, 2013 except for the following assets where the useful life estimated by the management is lower than the life prescribed under Schedule II.

As per the above policy, depreciation on the following assets have been provided at rates which are higher than the corresponding rates prescribed in Schedule II based on the estimated life of the project.

ii. Depreciation in respect of fixed assets added / disposed off during the year is provided on pro-rata basis, with reference to the date of addition/disposal.

iii. The management, supported by independent assessment by professionals, has changed the useful life of the aluminium shuttering from 2.5 years to 5 years. Consequent to the change in estimated useful life of Aluminium shuttering, the charge on account of depreciation was lower by Rs. 74,627,343.

d Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred.

Intangible assets are amortized on a straight-line basis over the estimated useful economic life of the asset. The Group uses a rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use. If the persuasive evidence exists to the effect that useful life of an intangible asset exceeds ten years, the Group amortizes the intangible asset over the best estimate of its useful life. Such intangible assets and intangible assets not yet available for use are tested for impairment annually, either individually or at the cash-generating unit level. All other intangible assets are assessed for impairment whenever there is an indication that the intangible asset may be impaired.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern. Such changes are accounted for in accordance with AS 5 Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Intangible assets are amortised on straight line basis over its estimated useful life of 5 years.

e Intangible Assets under development

Intangible assets under development includes toll road constructed under design, build, finance, operate and maintain basis. All Project related expenditure for acquisition of Toll collection rights viz., civil works, machinery under erection, construction and erection materials, pre-operative expenditure, expenditure indirectly related to the project and incidental to setting up project facilities, borrowing cost incurred prior to the date of commercial operation, and trial run expenditure are shown under Intangible Assets under development. These expenses are net of recoveries, claims and income (net of tax), if any, from surplus funds arising out of project specific borrowings.

f Leases

Operating Lease

Where the Group is lessee

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

Where the Group is the lessor

Leases in which the Group does not transfer substantially all the risks and benefits of ownership of the asset are classified as operating leases. Assets subject to operating leases are included in fixed assets. Lease income on an operating lease is recognized in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognized as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of profit and loss.

g Borrowing Costs

Borrowing cost includes interest, amortization of auxiliary costs incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the acquisition / construction of qualifying asset is capitalized until the time all substantial activities necessary to prepare the qualifying asset for its intended use is complete. A qualifying asset is one which necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are expensed in the period they occur.

h Impairment of Tangible and Intangible Assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The Group bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Group's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. For longer periods, a long term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses, including impairment on inventories, are recognized in the statement of profit and loss, except for previously revalued tangible fixed assets, where the revaluation was taken to revaluation reserve. In this case, the impairment is also recognized in the revaluation reserve up to the amount of any previous revaluation.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Group estimates the asset's or cash generating unit's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the statement of profit and loss.

i Investments

Investments that are readily realizable and intended to be held for not more than a year from the date such investments are made are classified as current investments. All other investments are classified as long-term investments. On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried at lower of cost and fair value determined on individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is recognized on decline, other than temporary, in value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

j Construction work in Progress

Construction work in progress is valued at lower of cost and net realizable value. In determining cost, First in First out (FIFO) method is used. Cost comprises of direct and indirect cost of construction incurred for bringing such construction work in progress to its present condition and includes cost of acquisition of development rights and other common infrastructure development costs which will be realized on completion of various phases over the duration of the Project.

h Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured.

Development of Real Estate

Revenue from development of real estate is recognised under the percentage completion method in accordance with relevant Guidance Note on Recognition of Revenue by real estate developers issued by the Institute of Chartered Accountants of India (ICAI), applicable for the projects, where there is transfer of risk and reward i.e. price risk therein has been transferred to the buyer and the buyer has a legal right to sell or transfer his interest in the property. Such revenue is recognised subject to the actual costs incurred on the project under execution being 25% or more of the total estimated cost of the project.

The estimates of the projected revenue, profits, costs, cost to completion and the foreseeable profit/loss are reviewed periodically by the management and revenue is recognised based on revised estimates. However, when project cost is estimated to exceed the total revenues from the project, resultant loss is recognised immediately.

Dividend Income

Dividend incomes from investments are recognized when the Group's right to receive the payment of the same is established by the Balance Sheet date.

Interest Income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable. However interest receivable from customers on delayed payment of installments is accounted for only when no significant uncertainty exists regarding their collectability.

Cancellation Charges

Income from cancellation charge is recognised when the Group's right to receive such charges is established which coincides with the cancellation of booking of apartments.

Income from Toll Charges

Revenue from toll charges are recognised as and when services are rendered which coincides with receipts of the Toll charges.

i Foreign Currency Transactions

(i) Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Conversion

Foreign currency monetary items are reported using closing foreign exchange rates. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction, and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

(iii) Exchange Differences

Exchange differences arising on the settlement / conversion of monetary items are recognized as income or expenses in the year in which they arise.

m Tax on Income

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Group has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the Group re-assesses unrecognised deferred tax assets. It recognises unrecognised deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Riverbank Developers Pvt. Ltd.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Group writes down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Group recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-Tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement". The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

n Segment Reporting

Identification of segments

The Group's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major customers of the Group are located.

Allocation of common costs

Common allocable costs are allocated to each segment on a case to case basis applying the ratio appropriate to each relevant base. Revenue and expenses which relate to the enterprise as a whole and are not allocable to segment on a reasonable basis, are included under the head "Unallocated Items".

Unallocated Items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group as a whole.

o Earnings per Share

Basic and diluted earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit or loss for the year attributable to equity share holders and the weighted average number of shares outstanding during the year are adjusted for the effect of all dilutive potential equity shares.

p Provisions

A provision is recognized when the Group has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

q Contingent Liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

r Cash and Cash equivalents

Cash and cash equivalents for the purpose of cash flow statement/balance sheet comprise of cash and cheques on hand, cash at bank and short-term investments with an original maturity of three months or less.

s Retirement and other employee benefits

(a) Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation other than the contribution payable to the Provident fund. Contribution payable to the provident fund is recognised as an expenditure in the statement of profit and loss and/or carried to Construction work-in-progress when an employee renders the related service.

(b) The Group's obligation towards gratuity, a defined benefit employee retirement scheme is recognized on the basis of period end actuarial valuation determined under the Projected Unit Credit Method. The trustees of the Scheme have entered with the Kotak Mahindra Old Mutual Life Insurance Limited (KMIL). Payments are made by the Group based on demand raised by KMIL.

(c) Short term compensated absences are provided for based on estimates. The Group treats accumulated leave expected to be carried forward beyond twelve months as long term employee benefit for measurement purposes. Such long term compensated absences are provided for based on the actuarial valuation using the unit credit method at the end of each financial year. The Group does not have an unconditional right to defer its settlement for the period beyond 12 months and accordingly entire leave liability is shown as current liability.

(d) Actuarial gains / losses are immediately taken to the statement of profit and loss and are not deferred.

t Government Grant

Grants and subsidies from the government are recognized when there is reasonable assurance that (i) the Group will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, it is recognized as deferred income and released to income in equal amounts over the expected useful life of the related asset.

Where the Group receives non-monetary grants, the asset is accounted for on the basis of its acquisition cost. In case a non-monetary asset is given free of cost, it is recognized at a nominal value.

Government grants of the nature of promoters' contribution are credited to capital reserve and treated as a part of the shareholders' funds.

Notes

1. Geographical Segments: The Group operates only in India and therefore the analysis of geographical segments is not provided.
2. The segment results have been arrived at after considering Finance Cost as segmental expenses. Finance Cost aggregating Rs. 461,445,000 (March 31, 2016 Rs. 495,917,594) has been inventoried for Real Estate segment. However, the total finance cost has been considered as segment expense as the segregation of segment liability relating to the survey/development was not possible.
3. As the segment result of the Real Estate segment includes interest expense, its segment liabilities include the related interest-bearing liabilities.
