 TOWN PLANNER - TPER/NKDA/10/00019

CERTIFICATE OF STRUCTURAL ENGINEER :

Certified that the structural drawing and design of both the foundations and superstructure of the building has been made considering the Soil Test Report, as per these rules and regulations made under the Act and also considering all possible loads, seismic loads, and the moments generated by the proposed structure as per the Bureau of Indian Standard and National Building Code of India and certified that it is safe and stable in all respect and these provisions shall be adhered to during the construction.

PRADIP BHAIKUM
 (STERNKDA/10/00019)

CERTIFICATE OF GEO-TECHNICAL ENGINEER :

It is certified that the comprehensive Geo-technical Report on soil investigation has been prepared by me for design and calculation of the foundation by analyzing the soil sample for estimating the bearing capacity of the soil on which foundation of the structure will be constructed. I shall also check the nature of the soil after excavation at site so that foundation is founded up to appropriate depth that has been proposed in the Geo-technical Report.
