West Bengal Polition Coatrol Board Sr. Environmental Engineer W B Follution Control Board Dept. of Environment, Galille

Amegaure I to NOC St. No. NO139507

Special Conditions issued to M/s. Metflow Corporation Pvt. Ltd. & Wellmet (Calcutta) Pvt. Ltd at 158A, Picnic Garden Road, P.O+P.S-Tiljala, KMC ward no-66, Kolkata-700 039.

A) Emission:-

DG Sets - 5x 250 KVA.

Stacks -

- Each DG sets to be provided with acoustic enclosures and residential silencer with individual stecks of adequate ht. above the roof of DG building.
- Stacks to have sampling port, platform and ladder as per the Emission Regulation Part III of CPCII.
- iii. Emission standards, Fuel specification and Stack height should comply with the prescribed limits under the notification of Ministry of Environment & Forest, Govt. of India, G.S.R. 489(E) 109.07.20021 and subsequent amendments.

B) Effluent:-

Domestic - waste water shall be treated in adequately designed STP. Treated waste water shall be partly reused for tollet flushing, landscaping, car washing etc. and partly discharged to KMC sewer line. Discharge of treated waste water shall conform E(P) rules. Sewage Treatment Plants should be monitored on a regular basis and records should be maintained properly.

C) <u>Solid Waste</u>:- to be collected and disposed off regularly as per the Municipal Solid Wastes (Management and Handling) Rules, 2000.

D) General:-

1. The Project Proponent shall have to obtain prior concurrence from the concerned municipality for ensuring supply of water, partial discharge of treated sewage and disposal of solid wastes.

D.G. Set noise level should not exceed the permissible limit. The Project Proponent should ensure that the ambient noise level is maintained within permissible limits during the construction phase.

3. The proponent should strictly comply with the standards / guidelines for control of noise from stationery Diesel generator sets. These standards and guidelines are prescribed under the notifications of Ministry of Environment & Forest, Govt. of India, G.S.R. 371(E) [17.05.2002], G.S.R. 489(E) [09.07.2002] and subsequent amendments.

The proponent should obtain necessary clearance for DG Sets from the Directorate of Electricity before applying for Consent-to-Operate.

The following activities are restricted during the night time (10 pm to 6 am), if there is any significant human settlement in the vicinity: a) Piling work.

b) Operation of Ready Mix Plant, if installed and Vibrator.

c) Loading and unloading of construction materials.

Adequate measures are to be taken to reduce vibration during piling work.

7. Water sprinkling arrangement should be ensured at every leading and unloading point to prevent spreading of dust. Rubbish, debris, broken materials and others must be kept properly within project area at suitable place with proper water sprinkling to prevent fugitive dust spreading.

Provision of drinking water, wastewater disposal and solid waste management should be ensured for labour camps. Proper sanitation facilities should be provided for construction workers to ensure anvironmental sanitation. Health and safety of the workers should be ensured during construction.

The project proponent should take necessary care not to cause any inconvenience to the residents of surrounding neighbourhood. Regular supervision should be in place all through the construction phase so as to avoid disturbance to the surroundings.

10. The Project Proponent will ensure that no accumulation of any kind of water occurs within the project area to prevent breeding of various disease spreading vectors.

11. Necessary dust barrier should be provided during construction phase. Before taking up the construction work it is preferable to enclose the area with some enclosure.

12. Appropriate arrangement is to be done for rainwater harvesting within the site. The proponent must practice rainwater harvesting on regular basis.

Ground water should not be abstracted without prior permission of the Competent Authority as per the West Bengal Ground Water Resources (Management, Control and Regulation) Act, 2005.

Sr. Engineer 42.3 Pollution Control Bear 1

Light of Environment

Annexure I to NOC St. No. NO139507

Special Conditions issued to M/s. Metflow Corporation Pvt. Ltd. & Wellmet (Calcutta) Pvt. Ltd at 158A, Picnic Garden Road, P.O+P.S-Tiljala, KMC ward no-66, Kolkata-700 039.

14. Provision of screen wall should be made surrounding the batching plant, if installed for control of fugitive emission from such operation.

15. Fly Ash is to be used for construction as per Notification No. S.O. 763(E) dated 14.09.1999 amended vide Notification No. S.O. 979(E) dated 27.8.2003 and S.O. 2804(E) dated 03.11.2009 of the Ministry of Environment & Forests, Govt. of India.

16. Waterbody of area 1150.31 sq.m (5.06% of land area) should not be lined and their embankments should not be cemented. Waterbody is to be kept in natural conditions without disturbing the

- 17. The proponent should strictly abide by The West Bengal Trees (Protection and Conservation in Non-Forest Areas) Rules, 2007. No trees can be felled without prior permission from the Tree Cutting Authority constituted as per the West Bengal Trees (Protection and Conservation in Non-Forest Areas) Act, 2006 and subsequent rules. Adequate green belt is to be developed within the project site.
- 18. Proper steps are to be taken so that the flora and fauna are not affected during the construction phase.

19. Adequate firefighting system should be provided as per Rules.

20. Adequate parking space should be provided within the project site as per Rules.

21. Road design should be done with due consideration for environment and safety of users. The entry and exit points should be designed properly without disturbing the existing traffic.

22. Use of energy efficient construction materials should be ensured. Water efficient devices / fixtures should be installed. Energy efficient systems should be installed.

23. Adequate provision shall be made for storage of solid waste and adequate means of access shall be provided. Vats / bins should be provided inside the project area from where the wastes are to be disposed off by arrangement with the local body.

24. The proponent shall undertake awareness programmes for the residents to promote water and energy conservation and to ensure environmental protection.

25. No expansion of the project should be undertaken without prior permission of the State Board.

26. The unit should not start operation without obtaining 'Consent to Operate' from this Board.

27. The proponent should maintain a display board at the site, providing detailed information on the salient features of the proposed project.
