Approved (Signed)

North Barrachois Municipality

Plan No. 517 OF 1977-78

Permits shall be issued for construction of masonry building and sanitary pits as specified in the plan up to plinth level and subject to the condition as laid down in the Building Rules Book and as noted hereunder.

- a) On receipt of tender certificate for construction up to plinth level, sanction is granted for construction up to said level if ground floor wall be erected subject to satisfactory completion of work upto plinth level.
- b) If there is any objection of construction upto plinth level, the plan is liable to be cancelled.
- c) Necessary provisions for the treating, storage, storage and drainage system must be shown in the plan.
- d) The plan shall be submitted to the local authorities for their approval and after getting prior permission from Public Health Engineering Department Government of West Bengal.
- e) Laboratory test report relating with effluents "TSS & Turbidity Consumption" required in case of deep submersible well.
- f) The plan shall be to be done as per rules and norms of W.U. (WESTBENGAL) and in no case municipality will be responsible for any damage to the plant and equipment.
- g) For getting sanction, the plan shall be submitted to the Municipal Engineer, North Barrachois Municipality.
