To:

West Bengal Housing Industry Regulatory Authority,
1050/2, Survey Road, Survey Park, Santoshpur,
Kolkata, West Bengal - 700075.

Sub: Area of land dedicated for Residential and Commercial Purpose in our Project "SALTEE SATTVAM" (NPR-00126).

Dear Sir,

We, **Saltee Infrastructure Limited**, developer of the above-mentioned project, hereby inform you that at the time of application submission, due to some technical issues, the value in area of land dedicated for Residential and Commercial got unknowingly revised with the values in the draft version of the application.

As the same could not be rectified online, we had generated a support ticket (as attached) as soon as it came to our notice and sent out a mail (as attached) to this effect as per the advise given in the meeting held with General Secretary.

It will be highly appreciated if the following values are reflected in the registration certificate:

- Area of land developed Residential purpose - 1,485.86 sq.m.
- Area of land developed Commercial purpose - 40.9 sq.m.

Thanking You,

Yours Faithfully,

Varun Bagla

Error in Application Submission Problem on new project registration

Details*

We were trying to make an application to register one of our upcoming project with the department, however, at the time of submission, there were multiple issues arising such as "image could not be saved", "deadlock cannot be found" etc. and two parallel applications for the same project got submitted wherein the final values of the land area for residential and commercial got interchanged with the values that were their in the draft version. It is our humble request therefore, that in our application NPR - 00126, we get a chance to rectify the same in order to maintain utmost transparency.

Priority: High

Dear Sir,

This is to inform you that we had submitted an application (reference number as mentioned above) for our project – “Saltee Sattvam”.

However, to our surprise there were a couple of technical issues arising at the time of submitting the application such as “Image could not be saved”, “deadlock could not be found etc” and eventually two parallel applications for the same project got submitted at the same time.

Due to above technical fault, some values got replaced with the draft version which we only realised later on. As we are not able to rectify the area of land values in our online application, we are therefore bringing it to your notice that our project land share for residential and commercial are as follows:

Area of land developed Residential purpose – 1,485.86 (sq.m.)

Area of land developed Commercial purpose – 40.9 (sq.m.)

Total Land Area – 1,526.76 (sq.m.)

It is our humble appeal that the same be amended as above so that we do not face any issues later on.

Thanking You,
Yours Faithfully,

Varun Bagla
