Certificate for the progress of Construction

It has been certified that the proposed Basement +6 storied building at Salugara, Siliguri erected by **SVN BUILDERS PVT LIMITED** represented by **Sri Sidhharth Dhanotia** is at stage of nearly completion. It is also certified that the super structures of all the blocks has been completed except the 3rd and fourth block . Some finishing works like door window fixing , flooring , painting etc are being carried out in the above mentioned blocks. Apart from the main four blocks some works like Open area Land scape, Water Tank and drain construction are also being carried out.

The building has been designed considering all the probable load and codal provisions of IS Standard and the building is stable and safe in all respect.
